Speaking Engagements

Grace Hopper Conference

October 2024

- Delivered talks on monitoring and alerting systems and scalable cross-platform mobile architecture ([1](#), [2](#))

Work Experience

Uber | Staff Software Engineer

July 2024 - April 2025

- Led the architecture of Bites, Uber's first video discovery feature, increasing merchant orders by 3%, increasing user engagement by 17% and boosting user retention
- Defined engineering vision and North Star architecture for video at scale across Uber, aligning Sr Directors, and Principal Engineers while influencing 5+ cross-functional teams
- Architected Uber's first automated video processing pipeline handling thousands of videos across cities, leveraging Cadence and Google Cloud enabling geographic expansion and scalable transcoding
- Drove engineering roadmap for Bites scaling to 12+ cities, leading team of 5 engineers while balancing infrastructure investments and mentoring on performance optimization and scalable design patterns
- Technologies: Go, Docstore (MySQL), Kafka, Cadence, H3, Google Cloud, Grafana

Uber | Senior Software Engineer, Software Engineer II

October 2019 - July 2024

- Architected rule engine-powered carousel generating \$10M in Ad ARR with a significant increase in Ads revenue per user, establishing a reusable low-code framework for building carousels
- Spearheaded on-call excellence across 2 teams by defining a new alerting strategy after an 100+ alert audit, reducing noisy pages by 50% and increasing actionable alerts by 16%

Connected | Software Engineer

August 2018 - October 2019

- Served as technical consultant for Bose on their new headphone launch, leading and architecting Android development of the multi-device Bluetooth pairing feature using RxKotlin

TD Bank | IT Solutions Developer

July 2016 - August 2018

- Developed native iOS and Android features for TD Bank's mobile banking app including real-time currency exchange, mutual funds purchasing, and led Chinese localization for international expansion

Awards

Uber | Engineering Award

September 2024

- Recognized for engineering excellence, technical impact and results-driven team leadership on Bites

Evoke Canada | Developer 30 Under 30

April 2019

- Recognized as one of the top 30 developers under the age of 30 from all disciplines across Canada

Education

Queen's University | Bachelor of Computing, Honours

September 2012 - May 2016
